

The Intensity of the Asking

A. Jones 5:16 ~~For~~ at Jones describes the
intentional prayer. The word prayer describes the
prayer. This addressing a king with a pressing need.
specific matter - Father - working hard before I asked
B. He left the prayer (V542) Elegant Dymond

He left the prison (V542) Elzyah Dymov got alone with God. He went to a place of solitude away from distractions. I find that these places are harder and harder to find. No beepin Cell phone, no flicking TV. But we must steer away from these the world behind and draw near into our God, a place to ^{be with} ~~be with~~ ^{in prayer}. He lowered in prayer - this

He "lowered in prayer" - this ^{is} ^{an} ^{improvement}
is a tenist expression of a ject
humilitis. You don't strut down
the islet a King. We say "God we
have no grounds to approach you."
We are hell deserving.! We should alter
the theogreatness of God. No some Big daddy in
SKY. Only means of access a hell-deserving
is not a what did least week, but who Christ

He looked in prayer - He ^{is today}
expected our answer in prayer. He
prayed with one eye on the heavens
VS 41 "sound of rain" not a cloud.
his is the eye of faith. Servant
VS 43 sent ~~off~~ ^{off} each time nothing
75 a little cloud. there it is,

we get so excited over one answered prayer
we should be better off when we don't hear from
God! Elijah is praying for a sign from God and
it comes to him in a moment. He is not waiting
for a sign from God.

The Immensity of the Answer!
James 5:16 Crucial! Much!

James 5:16 Cried out Much!
Prayer Available Prayers available
Much! They never sang in prison, but sang
the Lord always be with us

God touched the skies - wind
Read James 5: 17-18. VS 45 great
rain, when Bible passed out of its way
it was a gully washer! The Bible
fell out, Thru much prayer God touched
that which seemed out of touch!
Prayer reached the unreachable, God
responded. Very public answer, method
convenient to prayer. Nothing is out of
reach. Nation young & old quick
Church dying, child too far gone; at death
God touched the Servant -

VS 46. Ahab in chem not getting it
to the reel, E lighted is some 20
miles away at Cape Cannel and
E light passes Ahab. I can hear silt
at the light sister watches can pass

They passed us like we were nothing. Still
But they to the answer do
Prayer God answered his servant!
God can teach his servant in prayer!

Prayer pleasing to God, can so pray an expression of faith. (Conclusion) Now the next "chapter" you go through - the Bible, you will find that

Prayer has, indeed, upflowing rivers, made fully new
gush into fountain, quenched flames of fire, muzzled his
dormant vipers, marshalled store against the enemy, stopped
the sun, stopped the course of the moon, burst open iron
gates, in fact we could go on and on and on and the best,
I want to sum up it up to ask "What has prayer not done?"
